

April Presentation:
**HCM 's Freeway Facilities Methodology:
 The Right-Sized Tool for Planning and Operations**
 Speaker: Loren Bloomberg, PE, Jacobs

Speaker Bio:

Loren Bloomberg, PE, has been with Jacobs (and legacy CH2M) since 1998. He serves clients throughout Southern California and beyond as a project manager, technical lead, and is also Jacobs' Global Technology Leader for Traffic Engineering/Operations. His technical expertise in traffic engineering and operations with a focus on conceptual engineering and traffic modeling, as well as emerging transportation technologies like connected and automated vehicles (CAVs), road user charging, and priced managed lanes. He also plays an active role in Transportation Research Board (TRB) committees: the Standing Committee on

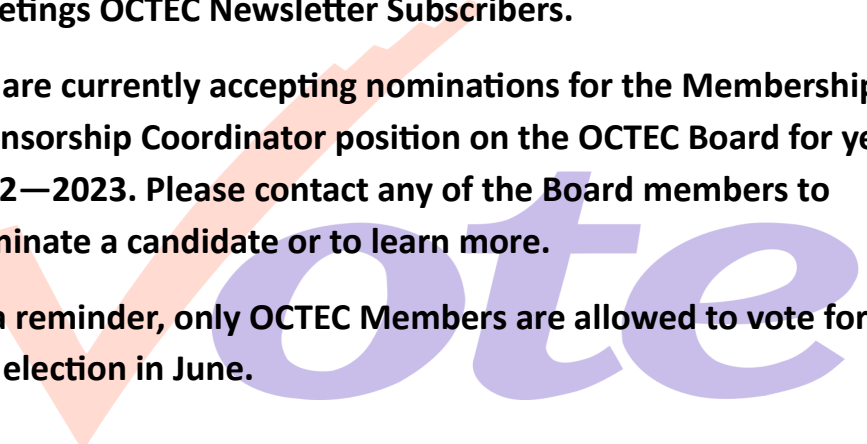

Traffic Simulation, Highway Capacity and Quality of Service (where he was a member for 13 years and chaired the Uninterrupted Flow group) , and Managed Lanes.
