President's Address

Dear Fellow OCTEC Members,

We hope that everyone has been managing with the recent fluctuating weather patterns; is it spring or is it summer? With two regular meetings left in the OCTEC year, we are pleased to have John Thai/City of Anaheim this month speaking about the creative solutions they are using with overlaps for signal timing operations and special event applications.

Nearly two weeks ago, we were proud to hold the first OCTEC professional training session at the City of Newport Beach. This half-day workshop provided a general overview of the California Manual on Uniform Traffic Control Devices (CA MUTCD) to nearly 50 transportation professionals. Our very own past president, Rock Miller, brought a wealth of knowledge and experience to the group.

In addition, the annual golf tournament is coming up Friday after next on May 4th at Green River Golf Course. We are still in need of HOLE Sponsors and other Sponsors. Please visit our Eventbrite page (<https://octecgolf2018.eventbrite.com/>) to sign up and for sponsorship opportunities. The Board would like to express our gratitude to our sponsors and golf players who have already signed up. This serves as the primary contribution source in raising funds for OCTEC and supporting the ITE SoCal/OCTEC Student Night. Please contact Ron Keith (rkeith@octa.net) for additional information.

Also, the annual ITE SoCal/OCTEC Student Night Presentations will take place on May 16th at Knott's Berry Farm Hotel. Please look out for the upcoming meeting announcements. At this event, ITE and OCTEC will judge the student projects presented by the various local universities, and award them monetary prizes from the proceeds of the annual golf Tournament.

Lastly, it is that time of the year where we are accepting nominations for the next OCTEC Sponsorship/Membership Coordinator. Please contact any of the Board members if you are interested or have someone in mind to nominate.

Sincerely,

Eric Loke

OCTEC President 2017-2018

LOCAL, REGIONAL & NATIONAL NEWS

Public Invited to Open House on Improvements Planned for I-605/Katella Avenue [\[CLICK HERE\]](#)

Orange County Transportation Authority (OCTA), in partnership with Caltrans District 12, will host an open house on Tuesday, April 24 to discuss proposed improvements to the I-605 and Katella Avenue interchange in Orange County. The open house is scheduled from 6PM to 8PM at the Los Alamitos Community Center, 10911 Oak Street, Los Alamitos, CA 90720.....

City Council approves long-awaited people mover to LAX [\[CLICK HERE\]](#)

Travelers leaving Los Angeles International Airport by car, van, bus, shuttle or taxi have no choice but to wait at the chaotic curbside, often for more than half an hour, as drivers fight through crawling lanes of bumper-to-bumper traffic. But within five years, the defining experience of traveling in and out of LAX could change, as the city moves forward on an ambitious and long-awaited transit project that will connect the airport to Los Angeles County's growing mass transit system.....

Metro Applying for \$742 Million in State Trade Corridor Funds [\[CLICK HERE\]](#)

There has been a lot of discussion about the \$2.4 billion that Metro is applying for from various state programs. Next Up: The Trade Corridor Enhancement Program (TCEP), which awards \$300 million annually for projects to improve freight corridors in California....

Elon Musk's Boring Company Tunnel Under Los Angeles May Happen Sooner Than Expected [\[CLICK HERE\]](#)

The 2.7-mile tunnel Elon Musk's "The Boring Company" plans to build under Los Angeles may be up and running sooner than expected, if the city's plans to fast-track the effort go as planned.

Council members Paul Koretz and Joe Buscaino are hoping to give the project a boost by exempting it from the California Environmental Quality Act, which would possibly allow for fewer years of construction time, the Los Angeles Times reports.

"We cannot continue an item that's going to delay innovation to our city," Buscaino told the Times.....
