

February Panel Presentation: Closing the Last Mile Gap

Panelists: Ananth Prasad (Santa Clara Roads & Airports), Rani Narula-Woods (Shared-Use Mobility Center), Jay Kim (LADOT), Conrad Viana (City of Pasadena), Kyle Kozar (City of Santa Monica)
Moderator: James Dreisbach-Towle, ITSCA

The discussion will explore bridging the last-mile gap by employing technology and strategies including pedestrian intersection detection, mobility hubs, and bike sharing to name a few. This discussion promises to be informative and educational.

President’s Address

Fellow OCTEC Members,

We started off our first meeting of 2017 with a presentation on the I-405 Improvement Project in Orange County by Jeff Mills from OCTA. It was great to get an update at the onset of the project and we all look forward to seeing the \$1.9 billion design build project come to life with an anticipated opening in January 2023. Our annual membership drive also got off to a blazing start and the Board would like to thank everyone who registered for during the Membership Drive; we had almost 160 members sign up prior to the January meeting last month and congratulations go out to **Jane Keely, Samantha Nguyen, Adrian Rodriguez** and **Minh Tran** on winning the \$50 Amazon gift cards. Membership is still open for those who have not yet renewed their membership and we encourage everyone to register and take advantage of the \$5 monthly discount on the luncheons. For Student Membership, please contact Kristin Tso (kyt@iteris.com) if you'd like to become a member.

This month, we have our second annual joint meeting with ITSCA and have a panel of speakers discussing the topic of bridging the last mile gap by employing technology and strategies including pedestrian intersection detection, shared use mobility, bike share programs, and mobility management. This discussion promises to be informative and educational. Additionally, we have our Spring Social Mixer coming up on March 9th at Dave & Buster's in Orange.

Sincerely,

Keith Rand

OCTEC President 2016-2017
