Associate Engineer \$8,890.27 - \$10,767.47/Mo.

Principal Engineer \$9,791.60 - \$11,862.93/Mo.

The City of Buena Park is seeking an Associate Engineer and a Principal Engineer to join our Public Works Engineering team. The ideal candidate has a passion for civil engineering, is a team player, and highly motivated. Candidate should possess excellent project management skills and have the ability to manage large capital improvement projects. The ideal candidate will have excellent written and oral communication skills with the ability to manage competing priorities, and the ability to work in a fast paced environment. Come join our exciting team!

THE POSITIONS

Associate Engineer: The ideal candidate performs professional and technical engineering work involving street improvements, utility improvements, park designs and building upgrades.

Qualifications: A Bachelor's Degree from an accredited four-year college or university in Civil Engineering or a closely related field is **required**. Three years of professional engineering experience involving the design and construction of public works projects, and related project administration functions is **required**. A Professional Engineer (P.E.) license from the State of California BPELSG is **required**.

Principal Engineer: The ideal candidate must possess strong written and oral communication skills, effective supervisory and mentoring skills, project management skills, and able to learn and train others. The ideal candidate will have extensive experience in civil engineering, be familiar with Federal, State, County and Local Standards, have experience in managing project budgets, and have experience managing capital improvement projects.

Qualifications: A Bachelor's Degree from an accredited four-year college or university in Civil Engineering, or a closely related field AND five (5) years of professional engineering experience is **required**. A Professional Engineer (P.E.) license from the State of California BPELSG is **required**.
