Our April Program: Panel Discussion on Performance Monitoring

Performance Monitoring Panel Discussion

Performance Monitoring. How agencies are responding to the increased demand on reporting transportation system performance brought on by MAP-21 legislation, Board/Council requirements, and public need. Representatives from four public agencies bring different perspectives and experiences in collecting data and reporting on the performance of the transportation network and how they see their roles evolving especially as we deal with an explosion of data, new MAP-21 requirements, addressing requests/demands from constituents (public, board, council), etc.

Speakers

The panel of speakers, moderated by Ramin Massoumi of Iteris, will include:

- Jesse Glazer, FHWA
- Jane Berner, Caltrans Headquarters
- Anup Kulkarni, OCTA
- Fred Dock, City of Pasadena
